

Tennessee

Tennessee General Comments

- Milan Army Ammunition Plant becomes a multi-functional Munitions Center of Excellence
- Closing RC facilities is offset by the construction of modern AFRCs that will be the right size and design to support units that will be stationed there. Transforming RC facilities in Tennessee will improve training, readiness and quality of life for more than 1080 RC soldiers, full-time unit support personnel, and their families

Reserve Component

Gains:

- Build 3 new Armed Forces Reserve Centers (including above built on Holston)

Losses:

- Close 6 Army Reserve Centers
- Close 1 National Guard Readiness Center with State permission
